Docket No. 98N-1265

Food and Drug Administration '99 JUL 15 AM 11:49

Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS:

I have been using natural progesterone in sublingual form compounded by Bapmar Pharmacy + Grow Womens Health Pharmacy, since my complete hysterectomy with oophorectomy 5 yrs ago. My doctor and I are completely satisfied with the effects. The compounded progesterone in sublingual form has enabled me to function normally. I hope this response does not ~~cost~~ ^{cost} too much.
